I Wanna Fly

Rosette

I wanna fly
Let's get high on life tonight
You and I
Just close your eyes
And let's climb across the sky
I wanna fly

I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away ay-ay-ay-ay

We're shooting stars, stars
Let's fly away with champagne I took from Mars, Mars
Gonna elevate it
Don't matter who you are, are, are, are
We're flying high because the world is ours, ours
We're going far, far
f*ck it
I find tomorrow
And yesterday
Livin' the moment
It's time to celebrate (hey, hey)
So everybody (hey, hey)
Who came to party (hey, hey)
Let me hear you say
I wanna fly
Let's get high on life tonight
You and I
Just close your eyes
And let's glide across the sky
I wanna fly

I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away ay-ay-ay-ay

Let's fly
Fly like I was born with two wings in my eye
Cruise control and touch that sky
Do that that party
Hands in the air
When I toast to the girl like everybody in here

It's like I won the lotto max
Bartender bring that bottle back

Pour up drinks for everybody partying
Still with the girl like, let go of my cardigan
I'm Kardinal in the party-o
I'm a little sick, change the audio
I'm a whole lot fresh
When put to the test with me and Rosette
I wanna fly

I wanna fly
Let's get high on life tonight
You and I
Just close your eyes
And let's glide across the sky
I wanna fly

I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away ay-ay-ay-ay

First class, Business class
G Five, G Six
This joint is outta here
No need formal, bring hits
First class, Business class
G Five, G Six
This joint is outta here
No need formal

I wanna fly
Let's get high on life tonight
You and I
Just close your eyes
And let's glide across the sky
I wanna fly
I wanna fly
I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away
I wanna fly
I wanna fly
I wanna fly away ay-ay-ay-ay

Let's fly
Fly away
I wanna fly
