

Jaded

Rosette

Feelin' down
Here we are
You look at me
Like I'm a stranger
I'm wonderin'
Where we go from here

Spinnin' round, runnin' round loveless
I'm wonderin' why I'm walkin' round hopeless
But I know I can't erase this
The way you're misbehavin'

I can see you followin' me
And I know you still think of me
So I know that you think I'm fuckin' wasted
But I [?] I'm just faded

I'm like a clown
You mask it all
You always blame
And point the finger
I'm wonderin'
If it's how it feels
Feels

Spinnin' round, runnin' round loveless
I'm wonderin' why I'm walkin' round hopeless
But I know I can't erase this
The way you're misbehavin'

I can see you followin' me
And I know you still think of me
So I know that you think I'm fuckin' wasted
But I [?] I'm just faded
