

Love Drunk

Rosette

Don't need to call you
I don't need to beg
I don't need your money
Get out of your head
You're so your complicated
Quit playing pretend
It's so fucking simple
Get out of my head

Cause I'm so fucking horny
Touch me there instead
Mm, I get so fucking lonely
Let's get back in bed

You see me, I see you
Go deeper and deeper
I'm coming so close, yeah
Love drunk but I'm sober
Take me to the point of no return

Kiss me, caress me
Touch me and heal me
You feel so good in me
Love drunk but I'm sober
Take me to the point of no return

Just pay attention
Keep your eyes on me
Can you feel the tension
Can you feel that heat
Watch your hands on my body
Pull me in real tight
Follow your fingers
From my hips to my thighs

Cause I'm so fucking horny
Touch me here instead
Mm, I get so fucking lonely
Let's get back in bed

You see me, I see you
Go deeper and deeper
I'm coming so close, yeah
Love drunk but I'm sober
Take me to the point of no return

Kiss me, caress me
Touch me and heal me
You feel so good in me
Love drunk but I'm sober
Take me to the point of no return

Take me, love me
Take me to the point of no return

You see me, I see you
Go deeper and deeper

I'm coming so close, yeah
Love drunk but I'm sober
Take me to the point of no return

Kiss me, caress me
Touch me and heal me
You feel so good in me
Love drunk but I'm sober
Take me to the point of no return
