

You Can Come To Me

Ross Lynch

When you're on your own, drowning alone
And you need a rope that can pull you in
Someone will throw it

And when you're afraid, that your going to break
And you need a way to feel strong again
Someone will know it

And even when it hurts the most, try to have a little hope
Cause someone's gonna be the one when you don't
When you don't

If you wanna cry, I'll be your shoulder
If you wanna laugh, I'll be your smile
If you wanna fly, I will be your sky
Anything you'd that 's what I'll be
You can come to me

You struggle inside, losing your mind
Fighting and trying to be yourself
Then somebody lets you
Out in the cold with no where to go
Feeling like no could understand
Then somebody gets you

So take a breath then let it go
Try to have a little hope
Cause someone's going to be there when you don't
When you don't

If you want to cry, I'll be your shoulder
If you want to laugh, I'll be your smile
If you want to fly, I will be your sky
Anything you'd that 's what I'll be
You can come to me

Like a chain that never breaks
Like a truth that never bends
Like a glue that takes a broken heart, and puts it back again
It's the feeling that you get
It's the moment that you know
That no matter what the future holds you'll never be alone

If you want to cry, I'll be your shoulder
If you want to laugh, I'll be your smile
If you want to fly, I will be your sky
Anything you'd that 's what I'll be
If you want to run, I'll be your road
If you want a friend, doesn't matter when
Anything you need that's what I'll be
You can come to me
You can come to me
