

## Scared

**Rotten Sound**

Being scared is what keeps you alive  
As there is nothing left after the chance to die 'Cause your every breath  
Is scared to death  
'Cause your every breath  
Is scared to death

'Cause your every breath  
Is scared to death  
'Cause your every breath  
Is scared to death  
'Cause your every breath  
Is scared to death
