

# When The Circus Is Coming To Town

Rough Silk

Cassandra was a groupie - a die-hard rock'n roll fan.  
The word "fan" comes from "fanatic" - the word "candle" Comes from "can".  
She used to wait outside at the backstage door for the Objects of her desire.  
With every bus that came and left again her boobs got Pushed up higher.

When the circus is coming to town  
And the merry-go-round is turning `round and `round  
High hopes are slowly going down  
When the circus is coming to town

Kasimir was a drumtech who truely fell in love with her.  
He dreamed of calling her "honey" or something like that But she just called him "Sir"  
`Cause she only had eyes for the rich and the famous - the Skinny guitarslingin' guys  
Okay, sometimes she'd take the drummer, too - but the Keyboardplayer she'd always deny

So Kasimir watched her from the distance while he was Setting up the drums for the show.  
She did it with Tom the busdriver to get a pass - behind Some roadcases the wild winds did blow.  
And after the show Kasimir started tearin' down while she Was with the band in the bus.  
Now he's somewhere out there on the road again and she's Waiting at the stagedoor for us...
