

I'm So Helpless

Roy Drusky

A stepping stone that's all I am to you just to go between while
you find someone new
How could I love another when it's through I'm so helpless every
time I'm holding you
I'm so helpless every time I'm holding you I can't help it that
I feel the way I do
I wish I didn't love you but I do I'm so helpless every time I'
m holding you

I'm so helpless every time...
