

# My Love For You Goes On And On And On

Roy Drusky

You know you won't be easy to forget  
Because my love for you goes on and on and on  
You've left me with a lifetime to regret  
Because my love for you goes on and on and on  
I'm still living on the love we knew and I'm still giving all m  
y life to you  
If you stay away my tomorrows're gone because my love for you g  
oes on and on and on

I'm still living on the love we knew...  
Because my love for you goes on and on and on
