

Please Don't Let Me Love You Anymore

Roy Drusky

Please don't let me love you anymore I think it's time that we
both close the door
You still turn me on even more than before but please don't let
me love you anymore

To be with you I'd leave everything behind I live a life and sa
y I'm not that kind
Now something's got to give that is the time to live
Cause lovin' you is messin' up my mind
Please don't let me love you...
No please don't let me love you anymore
