so bring me your shit starters and watch me get smarter
and you can't even sell speakers that can hit harder
unless there amped with half a transnova
and after ive completed the job I stand over
(er)another misfortunate victim
I hate to see him go like that but y'all can go dig him
(er) that's just another closed chapter

so now you gotta try find anwsers
my hands will dance in line like line-dancers
I never show respect for finances
I know these other fighters dont take chances

Dont talk about it if you ain't authentic
see I been sittin here for a minute
seen a lot of people go and come
seen some funny shit that wasnt so fun
seen people get no respect
seen them damn near die for low checks
but the Royce just kept on rollin
and like your phone I kept on holdin
to every title that I earn
pound for pound im not concern (why)
cuz if you put it on the line
Roy Jones will be one through nine
and number ten will be blank
the experts need time to think (hmmmm)
but from what I saw (shit)
Roy Jones number ten south paw
cuz number one had no flaws (and still)
