The long straight road ahead, uh, huh yeah

Could taste your sweet kisses your arms open wide

F# E H

This fever for you is just burning me up inside

Esmi E H Asm F#

I drove all night to get to you Is that alright

Esmi E H Asm

I drove all night crept in your room Woke you from your sleep

F# E H

To make love to you is that alright I drove all night

What in this world Keep us from falling apart

No matter where I go I hear The beating of your heart

I think about you when the night is cold and dark, yeah-eah

No one can move me the way that you do

Nothing erases the feeling between me and youooo aaaaah

I drove all night to get to you Is that alright

I drove all night crept in your room Woke your sleep

To make love to you is that alright

Asm E F# F# E F#

I drove all night

Could taste your sweet kisses your arms open wide

This fever for you is just burning me up inside

I drove all night to get to you

Is that alright

I drove all night crept in your room

Is that alright

I drove all night

I drove all night I drove all night to get to you

Is that alright
