

Adrenaline

Royal Bliss

I live my life on Adrenaline
I've seen my share of the suffering
I found my dreams on a wrinkle in time

I see my face in the mirror
Red eyes these lines getting clearer
I break my heart on the devil inside

Wake me up
Save my soul
Live my life
Like a raging bull
Wake me up
Save my soul
Live my life
Like a raging bull

My scars, tattoos tell the story
My pain, my art, for the family
I've hit my head one too many times

I fear no sign of the faithful
No cares, no mind from the chemicals
I've tasted death on the tip of my tongue

Wake me up
Save my soul
Live my life
Like a raging bull
So Wake me up
Save my soul
Live my life
Like a raging bull

Open up, open up
Open up, open up
Tell the devil I'm home
Here we go

Wake me up
Save my soul
Live my life
Like a raging bull
Wake me up
Save my soul
Live my life
Like a raging bull

Like a raging bull
Like a raging bull
Like a raging bull
Like a raging bull
Like a raging bull
