

Baby Just Hold On

Royal Bliss

You want someone to tell you, it'll be alright
You wanna open up the door to a better life
But no one's gonna save you, only you hold the key
But baby I will be right here so give your hand to me

You're not alone
I won't let go

When your heart is breaking down
And you can't see beyond the clouds
I'll be your rock, your solid ground
You won't have to find your own way out
And when you're lost and you feel all hope is gone
Baby just hold on

I would never fail you, no we're not done
It's only the beginning of a long run
And when I say I love you it comes from the heart
And baby I will meet you, right where you are

You're not alone
I won't let go

When your heart is breaking down
And you can't see beyond the clouds
I'll be your rock, your solid ground
You won't have to find your own way out
When you're lost and you feel all hope is gone
Baby just hold on
Baby just hold on

When your heart is breaking down
And you can't see beyond the clouds
I'll be your rock, your solid ground
You won't have to find your own way out
When it's dark and you think you've had enough
When you're lost and you feel like giving up
Baby just hold on
Baby just hold on
(Hold on and I will never let you go)
Baby just hold on
(Hold on and I will never let you go)
Baby just hold on
(Hold on and I will never let you go)
Baby just hold on
(Hold on and I will never let you go)
Baby just hold on
(Hold on and I will never let you go)
