

Dreamer

Royal Bliss

So unique the way you smile
The way you bleed
And I know I'll never meet another like you
Baby girl, this, I know, is true

Yeah, I'm a dreamer
And I will always be a believer
In all these crazy things
So cold is a heart of a woman in spite
In spite of herself, in spite of losing my mind
And it's love, so all be forgiven
Best of days, I swear, they will be again

Yeah, I'm a dreamer
And I will always be a believer
In all these crazy things
Yeah, I'm a dreamer
I can't go back again
Yeah, a believer
And I will be 'til the end

Oh, I know this hell
The devil inside me tells me:
Time to leave, run and hide
Oh, the ways I've hurt you back then
Will they will come again
Well, on the other side,
The agency says I taught you no more pain
And no more lies
I still can't find my way
And it's driving me insane

Yeah, I'm a dreamer
And I will always be a believer
In all these crazy things
Yeah, I'm a dreamer
I can't go back again
Oh I know
And I will be 'til the end

I'm a dreamer
And I will always be a believer
In all these crazy things
