

Drink My Stupid Away

Royal Bliss

Staring at a wall
There is poison in my eyes
I know, something isn't right
I feel different
I'm standing by the wayside
I've fallen through the cracks
Finally succumb to my indifference
But there's something in these lights
That must've stopped my mind
Stopped my mind

So I drink my stupid away
Fighting through the same old
The nights have stolen the days
For way too long
If I could break myself in two
One for them, and one for you
At least I know a part of me
It can't be wrong

'Cause you're my addiction
You're my one belief, you're my life
So kiss me one more time
Standing faces towards the wind
We can force someone to turn me in
And I'm scared
I may never feel this again
I may never feel this again

So I drink my stupid away
Just fighting through the same old
Nights that've stolen the days
For way too long
If I could break myself in two
One for them, and one for you
At least I know a part of me
It can't be wrong

And I have grown so tired
Yeah, I have grown so tired
I have grown so tired
I'm so tired
So I drink my stupid away
Just fighting through the same old
Nights that've stolen the dates
For way too long
