

## Lead The Way

Royal Bliss

Holding the picture in my hands  
I know the meaning  
This is where I take my stand

I'll hold myself up to the flame  
I don't need your ridicule  
To change my ways  
Hold on as I take the reins cut the cord

Let me out  
Of this cage  
Set me free  
Let me lead the way  
Let me lead the way

Don't waste your hours trying to explain  
I know the reason  
Boiling the blood running through my veins

I've listened to preachers, listened to thieves  
Neither were worthy of holding my keys  
Slow down, let me have my release  
If you please

Let me out  
Of this cage  
Set me free  
Let me lead the way  
Let me lead the way

Let me out  
Of this cage  
Set me free  
Let me lead the way  
Let me out  
Of this cage  
Set me free  
Let me lead the way  
Let me lead the way  
Let me lead the way  
Let me lead the way  
Let me lead...
