

Turn Me On

Royal Bliss

Devil woman
There's no need to play these games
I know what things you can do to me
Wanna pop your Daisy Chain
Yeah, I feel like my head's on fire
Well, come on baby, put it out

Why pretend?
I don't wanna be friends
It's not what I came for
You turn me on

Devil woman
I know that you feel the same
And though I lay here beside you
You always gonna be his slave
I feel like my head's on fire
Well, come on baby, put it out

Why pretend?
I don't wanna be friends
It's not what I came for
You turn me on

Why pretend?
I don't wanna be friends
It's not what I came for
You turn me on
You turn me on
Turn me on

Why pretend?
I don't wanna be friends
It's not what I came for
You turn me on

Why pretend?
I don't wanna be friends
It's not what I came for

You turn me on [x4]
