

Whiskey

Royal Bliss

I love my whiskey straight. The only way you taste it.
When I take that bottle down, it's good to be my friend.
I love my sweet Mary. She takes away my paychecks.
Always loves to get me high. So hit me once again.

I love that way you move. All the things that drive me crazy.
What a way to spend my life. To wake up next to you.
Can I take just a little more?

You're my favorite addiction, I know.
Of all the things I love, there's nothing quite like you.
Yeah you're my favorite addiction, I know.
Of all the things I love, there's nothing quite like you.
There's nothing quite like you.
There's nothing quite like you.

You're my favorite addiction, I know.
Of all the things I love, there's nothing quite like you.
Yeah you're my favorite addiction, I know.
Of all the things I love, there's nothing quite like you.
There's nothing quite like you.
There's nothing quite like you.
