

# You're Killing Me

Royal Bliss

You give me breath when I've got none  
The reason for the things I've done  
I hate to feel alone inside my skin

Pick me up and take my fear  
Tie me down then leave me here  
I scream so loud but no one hears a sound

Have you taken over

I know you're killing me  
But I can't live without you  
No I can't live without you  
You're killing me  
But I can't live without you  
No I can't live without your kiss

A bourbon soul without a face  
Hate the toll but love the taste  
Laugh out loud then dry my tears away

I rage until there's nothing left  
I tell myself it's in my head  
But I can't stop giving in to you

You've taken over

I know you're killing me  
But I can't live without you  
No I can't live without you  
You're killing me  
But I can't live without you  
No I can't live without your kiss

I feel just like a loaded gun  
One more click then I'll be done  
I'm holding on but I can't stop the fear  
One more night to go my love  
I think its time you cut me off  
I take it all but I can't take no more

You're killing me  
But I can't live without you  
No I can't live without you  
I know your killing me  
But I can't live without you  
No I can't live without you  
You're killing me  
But I l can't live without you  
No I can't live without your kiss  
You're kiss  
You're kiss
