

One Minute Left To Live

Royal Hunt

How many minutes left to live? How many breaths to take?
How much to keep, how much to give, how long you'd stay awake?
I do believe that once you're gone -
There is no coming back
No second chance and no re-run -
A simple fade to black
You tell me - is it or there's something I should know?

One minute left to live so where do you go
Regretting what you've done and everything you've ever said?
One minute left to live and -
What do you know? -
I wouldn't change a thing
I just keep on riding straight ahead
One minute left to live but what do you care?
Regretting that you've done and everything you've ever said?
One minute left to live - regardless, I swear
I wouldn't change a thing, just keep on riding straight ahead

I've been around, I've seen it all - no pity, no remorse
I did my bit and fought the wall, kicked down a lot of doors
So if the end is near - just bring it on I have no fear

One minute left to live so where do you go
Regretting what you've done and everything you've ever said?
One minute left to live and -
What do you know? -
I wouldn't change a thing
I just keep on riding straight ahead
One minute left to live but what do you care?
Regretting that you've done and everything you've ever said?
One minute left to live - regardless, I swear
I wouldn't change a thing, just keep on riding straight ahead
