

# The Wishing Well

Royal Hunt

Have you ever been betrayed  
Way beyond belief  
In the middle of a living nightmare?  
Did you turn the other cheek (the other cheek)?  
Lost yourself in grief  
Heading down the only road to nowhere?

Well, I know, my days are numbered  
As my heart is going blind (going blind)  
So abandoned and surrounded  
Short of hope of any kind

I guess, it's now or never  
Who wants to live forever?  
But all I have's my wounded soul to sell  
Some change, would you believe it?  
A magic coin, I need it  
To drop inside this wishing well, wishing well

Have you ever lost someone (ever lost someone)?  
Fast, no warning signs  
Here today and swiftly gone tomorrow  
Did you try to understand (did you?)  
And read between the lines?  
Searched for reasons, prayed to heal the sorrow?

Looked around for redemption  
A miracle, a wishing well (wishing well)  
Anything? The sole intention  
To forget, to break the spell

I guess, it's now or never  
Who wants to live forever?  
But all I have's my wounded soul to sell  
Some change, would you believe it?  
A magic coin, I need it  
To drop inside this wishing well...

I guess, it's now or never (now or never)  
Who wants to live forever?  
But all I have's my wounded soul to sell  
Some change, would you believe it? (Would you believe it?)  
A magic coin, I need it  
To drop inside this wishing well

Did I say I've been betrayed
