

# I'm So Glad

Royal Wood

We are on our way  
It might be a hard way  
But as long as I'm with you  
Yes we are on our way  
And it may be in harm's way  
But as long as I'm with you

At the end of a long, long day  
There is not much more to say then love  
I'm so glad I met you

We may feel like folding  
But as long as love is holding  
The hands of me and you  
The waves can be raging  
For together we'll be aging  
And as long as I'm with you

At the end of a long, long day  
There is not much more to say than love  
I'm so glad I met you

Do do do...

So winds may be blowing  
For surely we'll be knowing  
That as long as I'm with you

At the end of a long, long day  
There is not much more to say  
Yes at the end of a long, long day  
There is not much more to say than love  
I'm so glad I met you  
I'm so glad I met you  
I'm so glad I met you
