

# Listen To Ya Heart

Ruben Studdard

Mmmmm, oooooh

Baby girl, if you gonna move on that's fine  
Before you leave let me put something on your mind  
I never did wrong girl, I just made a mistake  
I learned from my lesson  
So now I gotta pay

I understand all that  
You leaving and all that  
Telling all your girls you hate me  
And how you ain't coming back

But tell me something shortie  
Do you still love me  
Cause nowadays it ain't cool to stay  
If a guy did you wrong

You don't wanna be nobody's fool  
But if deep inside you still wanna hold on

Listen to ya heart, do what it say  
If it's telling you to hold on  
Don't let go, baby, listen to your heart  
Let it lead the way, you just follow  
I hear it saying, I hear it saying  
You should be staying, you should be staying  
Baby, listen to your heart and don't let go

Don't listen to them girls  
They don't mean no good  
Misery love company and if they could  
Get with a dude like me you know that they would  
Jump at a chance to get up, get up out the hood  
But nevermind all that, they hating and all that  
It's up to you if you're gonna decide to take me back  
But it's no pressure, baby girl, I just want ya

Listen to ya heart, do what it say  
If it's telling you to hold on  
Don't let go, baby, listen to your heart  
Let it lead the way, you just follow  
I hear it saying, I hear it saying  
You should be staying, you should be staying  
Baby, listen to your heart and don't let go

Baby girl, I ain't trying to play with ya mind  
Baby girl, I ain't trying to waste ya time  
You welcome to leave, you welcome to stay  
As long as you do what ya heart say  
All you gotta do is think about it  
Tic tock, think about it  
Tick tock, keep thinking about it  
Whatever it is I'll do it

As long as you

Listen to ya heart, do what it say

If it's telling you to hold on  
Don't let go, baby, listen to your heart  
Let it lead the way, you just follow  
I hear it saying, I hear it saying  
You should be staying, you should be staying  
Baby, listen to your heart and don't let go
