

Love, Love, Love

Ruben Studdard

Love, love, love
Why'd you take so long to come to me, oh baby?
And love, love, your love
Tell me where you hiding from me all the time?

Each time I try to find someone to take your place
It was all in vain, no their lips were never quite the same, no
baby
When I was kissing someone new deep inside I was missing you

Oh baby, you make me fall in love with you
Now I don't know just what I'm gonna do
Oh honey, I looked out into empty space
And all I saw was your sweet face

Love, love, love
You can't imagine what you did to me, oh baby
And love, your love
Everytime you smile it goes through me all the time

Day by day I'm fallin more in love with you
And that's no lie, cross my heart and honey I hope to die
'Cuz I'm not tryin' to mislead you believe me girl I really need you

Oh baby, you make me fall in love with you
Now I don't know just what I'm gonna do
Oh honey, I looked out into empty space
All I saw was your sweet face

Oh baby, you make me fall in love with you
Now I don't know just what I'm gonna do
Oh honey, I looked out into empty space
All I saw was your sweet face

Love, love, love
Love, love
