

# I Don't Like Old People

Rucka Rucka ALI

Wanna know what makes Me mad?  
People older than seventy  
They're always like

"Ehhh... back in my day,  
The year was 1903"

They say they know everything  
But they can't do shit without your help

"You kids with your sort-sleeve shirts...  
Eh... I just crapped myself... "

Old ass grandpas all sit outside  
"Ahh"  
And bitch about how shit used  
To cost a dime.  
"It cost... uh... "

They run us over,  
Why can't they drive?

"Well, back in my day,  
Negroes gave us piggy-back  
Rides"

I just don't like old people  
'Cause they want everyone to  
Wipe their butts

"Wait there's more! "

Old people are f\*\*king dumb  
They always want to you tell about  
The war

"Back in the war, uphill both ways"

Old people won't never be quiet  
Well, I guess they will when they die  
Because they got Alzheimers and  
Cancer.

"Well, at least I don't have alzheimers"

They drive those high-tech scooters  
And they can't work cell-phones  
Or computers

We gotta stand in line all day  
At the self-checkout  
Because they think it's magic

Old ass white boys  
Think that they're smart

"Huhhhh... I invented the wheel... and fire... and farts"

They're all good Christians...

"'Cause I knew Christ"

They need him now, because...

"I'm deaf and blind"

Old people, get off the road!  
Why don't y'all  
Ever flush the toilet bowl

"Ehhh... how do I work this thing? "

And the Pope is as old as dirt  
And he let's people  
Touch young little boys

"Ehhh... guess who's got some candy? "

I don't like old geezers, they think that...

"Russian people did that 9/11 day... "

They spend their life on the porch smoking their pipe,  
And calling everyone else lazyyyyyy

You wanna know why I really hate them?  
Because their gonna die soon, so I get attached, ya know?  
Let's take Grandpa out on the boat one last time and drop him off  
To swim off peacefully into the night  
Here you go, Gramps.  
Ah, Grandpa sure did love the ocean.  
That's the way he would've wanted it.  
Ya know? I can still hear his voice...  
I sure am gonna miss that old faggot!

f\*\*k them old people (cause they all)  
Take a dump in their diapers

"There's my raisin bran! "

Old people like apple-sauce  
And they all  
Call coca-cola, soda pop

"Eh... don't drink too much soda pop"

Old people belong in a  
Old age home  
They're too old to live with u

"But I built this house! "

Old people are dumb as f\*\*k  
All their teeth fall out  
When they chew apples

"Where they go? "

"Eh... what's with all these sports you play these days?  
Ski... that's a sport

If not for the hill, they'd be standing still there  
Uhh...  
All these channels you have on your television  
Back in my day, the radio had two channels  
On-and off.
