

# I Love Minorities

Rucka Rucka All

I think that every race is A-OK  
We all have something to be proud of  
(except white people)  
I like every country the same  
Even the ones where my own music's not allowed in  
Or the ones who wanna bomb us  
Women are as smart as me and you  
(No no it's true)  
They could be president of this country  
(I mean who cares, there's already a black)  
I love minorities  
Especially people who gets around in wheelchairs  
That's hot

I love everyone in the world  
Because no one is different than no one  
Everyone's f\*\*kin' like someone  
And if you feel like I do  
Then take my hand touch my balls  
And sing along this f\*\*kin' song

Black people are good at playing basketball  
Asians cook chinee food on woks  
Mexicans are great at leaving Mexico  
So suck on my cock if you don't love everyone  
White people can tuck their shirts into their shorts  
They need Jew to fill their tax forms  
Eskimos are best at hitting seals with clubs  
We all could learn from one another lots of stuff

Sex  
Them Europeans do it with kids  
It's like they're proud of if it or something  
It's legal in their countries  
Canadians at age 15 can legally  
Sock off dirty old men for money  
(No they can't)  
OK for free  
(That's right)

Everyone's in the world's good  
Because no one is better than someone else is  
I'm down with women's circumcision  
So if feel like I do  
(You're a homo)  
Pull out your ballsack and your bongo drum  
And sing this gay ass little song

Black people are good at stealing stereos  
They've got Jewish lawyers in court  
Muslims are the best at flying into stuff  
Not all Muslims just most and all it takes is most

Africans like lynching homosexuals  
Cubans turn dildos into boats  
Germans kidnap girls and make them prostitutes  
Everyone's special in they their own gay little way

Arab girls've got to be sweaty  
They put to death if they show they titty  
That's baller shit  
I ain't even playin'  
Lemme tell you what's the same about the  
Swedish, Chassidish Jews, Kelly and Regis  
They're all f\*\*king crazy  
Except the Swedish  
They're just lazy  
And love the penis  
Yeah those ladies in Sweden  
Got enough VD's to turn those dudes around them gay  
And Frenchmen don't believe in bathing  
And Haitians love a good earthquake  
Caging a Mongol?  
Russian tradition  
Rape in the Congo?  
Ehh as long as it's women  
Taking a dump on someone else's culture  
And Making fun of them just cause they're different  
And making a song calling their country stupid  
Mixing the absurd with the true?  
(Don't do it)  
So if you hate racist humor get your pooper up  
And sing this f\*\*kin' song

Black people are good at wheelchair basketball  
If they got shot and now cannot walk  
Pregnant girls are stupid and impossible  
Everyone's good, no one is better than someone  
White people can show black people how to vote  
Blacks could teach them Jews to dance good  
Blind black men can't play hockey because they're black  
Helen Keller can't drive because she's a woman

Gary Coleman's gone  
It's so sad, he was so young  
I mean he was like 51  
But it's sad cause he looked like he's a 9-year-old

Whatchu talkin' about Rucka?  
(His wife did it)

I love minorities.
