

Just Like Black Peoples

Rucka Rucka ALI

Baby I'm being a black tonight,
Turning my head off to the side,
Just like black peoples, black peoples, like black peoples, yoo.
Maybe I'll drink a little sprite,
I can smell chicken for miles.
Just like black peoples, black peoples, like black peoples, yoo.

Baby I'm.. I'm gonna watch some BET,
And walk with the limp like ET,
And you'll be mad when I live behind you,
And in the dark you wont see me
I'm invisible but you can see my teeth.
I'm like a floating smile beside you
Sipping grape soda in some tree
Tryna give all white bitches the D
I can play tennis or hockey
I can't swim and jet-ski
You know the man be holding me down
Pulling me over becuz I'm brown
And cuz I'm selling meth and weed and coke
Ohhh

Baby I'm being a black tonight,
I'm bringing a gun to a pillow fight
Just like black peoples, black peoples, like black peoples, yoo.
I'll be a pimp ass stolen ride
A couple of tattoos of Jesus Christ
Just like black peoples, black peoples, like black peoples, yoo.

Baby I... so if I try its not enough
Always get blamed for stealing stuff
How would you like if everyone judged you
Ehy, a watermelon, I'll eat it up
And a white man, I'll beat him up
Its not my fault I can never trust you
Yeh, I can start over, its too late for me
I'll be in jail till I'm 93
I can pretend that I am free
In a state penitentiary
I've been in this system since I was born
Nobody told me whats right and whats wrong
How you expecting me to fucking know, BRO

Baby I'm being a black tonight,
I never have weed and I need a ride
Just like black peoples, black peoples, like black peoples, yoo.
Baby I'll learn to read tonight
I've banged teacher and she's white
Just like black peoples, black peoples, like black peoples, yoo.

Baby I, I'm popeyes, Ima black guy, I cant get a black eye,
I stole a car, I mean its mine, don't tell my mom.
Yeh yeh yeh

Black as I'm black cuz I'm black that you arresting me
Why its gotta be like that, cuz I'm black?
Cuz I sell and smoke crack?

You don't wanna live next to me?
Don't bother me and I wont bother you
What, are you racist?
On what bases you call me lazy?
You see me on the corner, hustelling all day,
Give me money, comon, I got bills to not pay
I got things I need, like new nikes,
Give me money, comon, I got kids to not feed.
I buy my weed on the first and fifteen,
Arrest me, comon, I got rights for you to not read

Got some crack for me to light
Just like black peoples, black peoples, like black peoples, yoo.
