She said no thank you but goodnight
I said look this is our first fight
I wanna see where it goes girl
But can I buy you just one drink
She said I-I that fine I think
Got a drink and when she wasn't watching
I got a crushed pill from my pocket

Bottle service served up to her and me
But then she couldn't breath
I'm like yo we got a doctor
Come CPR on this girl B (c'mon)
