

# Trump

Rucka Rucka Ali

And so I ask you  
American people  
To vote my ass  
President  
Please

Thank you, Dr Carson  
Mr Trump,  
Your turn to make a final statement

I was born in my own hospital  
(A great hospital, the best you could imagine)  
Delivered by the doctor that I bought  
(And he thanked me, he said  
"Donald, thank you"  
"This is terrific")  
I bought at least a couple wives  
3 highest paid women in America  
But the third one doesn't speak english just right  
But she's great, I see her on holidays  
Terrific

Now this country needs a good, strong leader  
I'm real busy but I may just have the time  
If I let you elect the Trumpster  
You're welcome

I'm a great leader and I can't read  
We're bein' raped by the Chinese  
I'll make these China dogs my bitches  
I'm the filthy richest (We need a)  
Hero that'll come help  
I'll sell America to myself  
I'll build youse  
Highways and some bridges  
I'm the filthy richest

I want to make this country great  
(Right now we're NOT great)  
But the Mexicans keep coming here to rape  
(And by the way, at least rape in English)  
I'll build a wall no-one could climb  
(No-one will climb this wall)  
And the Spics could rape on their own fuckin side  
(Mexico is the new China)

Now I'm seein' people talk about Trumpster  
Sayin' things that quite frankly aren't nice  
When I'm in charge of our nuclear program  
You're all bombed (And fired)

I'm a great leader and I can't read  
We're bein' raped by the Chinese  
I'll make these China dogs my bitches  
I'm the filthy richest (We need a)  
Hero that'll come help  
I'll sell America to myself

I'll build youse  
Highways and some bridges  
I'm the filthy richest

We're losing, it's a catastrophe  
I'll negotiate a better deal  
I'll do a good job

We need a leader prez  
That'll get us out of our debt  
Help the people get lower wig prices

We need a leader prez  
That'll get us rid of ISIS  
Rip em' all to shreds  
Fuckin towel heads

We need a leader prez  
That'll get us drivin' Hybrids  
Give us all some bread  
With a side of Pez  
And tell the Mexicans  
And all the illegal migrants  
Ya gotta get a license

I'm a great leader and I can't read  
We're bein' raped by the Chinese  
I'll make these China dogs my bitches  
I'm the filthy richest (We need a)  
Hero that'll come help  
I'll sell America to myself  
I'll build youse  
Highways and some bridges  
I'm the filthy richest

And I just can't help all youse bitches  
I'm the filthy richest  
It's gonna be terrific  
Cause I'm the filthy richest
