

Frozen By Your Touch

Rudi

You build me up to smash me down
you tear me apart at the seams
you turn my world upside down
at night I wake up...screaming!

On a sunny day - frozen by your touch.

You read my mind just like a book
you use me up and wear me out
you lead me on and you watch me squirm
at night I wake up...screaming!

On a sunny day - frozen by your touch
you touch!
