

All Of My Love

Ruff Endz

Baby, I just wanna give you all of my love
I know what you want
We can do all of the above
I don't need no alcohol, I don't need a drug
You're my love addiction
Girl you the plug
I'm ready to focus all of my time
Wanna please your body I just want to blow your mind
Your hidden desires girl I just wanna find
Then I press rewind rewind rewind

Your hidden desires girl I just want to find
We can play charades girl
I'll guess what's on your mind
Then I'll take your clothes off
Baby one piece at a time
Then I'll kiss you right there
Now you got chills up your spine
Listen up girl I want you to sit back
We can parlay
Listening to R&B sounds from the 90s
My playlists be jumping girl
From Jodeci to Marvin Gaye
Baby it's the r&b vibe
That got you feeling me

Baby, I just wanna give you all of my love
I know what you want
We can do all of the above
I don't need no alcohol, I don't need a drug
You're my love addiction
Girl you the plug
I'm ready to focus all of my time
Wanna please your body I just want to blow your mind
Your hidden desires girl I just wanna find
Then I press rewind rewind rewind

She's a boss, she's a queen
Girl when we're together it's a love scene
Face down, you know what's up
Your frame's like a G-class Benz truck
Pretty brown brown, driving me wild
Ooh child things are gonna get a little crazy
How about me and you go half on a baby

Baby, I just wanna give you all of my love
I know what you want
We can do all of the above
I don't need no alcohol, I don't need a drug
You're my love addiction
Girl you the plug
I'm ready to focus all of my time
Wanna please your body I just want to blow your mind
Your hidden desires girl I just wanna find
Then I press rewind rewind rewind

A yo chi talk to 'em

Your kindness, your beauty
You know you do something to me
Your love is like out the movies
Do you love is hard to find
You're my valentine
Every time we kiss, I wanna press rewind
'Cause I've been waiting on a moment like this
I've been waiting on a woman like this

Give you all of me and all the pieces that's been missing
I'm thankful for the love and all the time that I've been given
I'm driving to my happy place, baby won't you get in
Talking about no drama and good living
Making love to your mind and body, disposition
Baby for the rest of my life, that's my mission
I'm a love you for the rest of my days, like repetition
No luck without you by my side, like superstition

Baby, I just wanna give you all of my love
I know what you want
We can do all of the above
I don't need no alcohol, I don't need a drug
You're my love addiction
Girl you the plug
I'm ready to focus all of my time
Wanna please your body I just want to blow your mind
Your hidden desires girl I just wanna find
Then I press rewind rewind rewind
