

Hopeless

Ruff Endz

Girl, I never thought that I would find
A beauty queen like this who know the vibe
She that type that got a boss state of mind
She pull up in the all-white G5
Sex on the beach, trips overseas
Going on wild excursions
I'm into her, she's into me
We making our own love circle

She feeling me, my pedigree
Baby, I ain't gonna waste your time
I'm into ya, you into me
Together, baby, we gon' shine
Your love is like a buffet, you shine
Girl, I been hungry all day

Every time we hang out
Yo, she match my fly, oh ah
Top down in the drop
With my hand on her thigh, oh ah
I be all over you like lotion
Holding back my emotion
Hoping that she don't notice
So when she ain't around I feel so hopeless
That when we're together I'm super unfocused

She don't treat me like the side guy (on the)
First text I get a reply while
She be sipping on a Mai Tai, girl
We connected like WiFi, her
Ex man get the side eye
Watching us as we drive by
Dripping and we stay fly
Chemistry has got me so high

Your best friend, your lover
Girl, I'll be just like no other
A rider, your partner
Together, girl, we can discover
Jet skis in the summer
Find out what's your favorite color
Let's hold hands with each other
Baby, you ain't gotta look no further

Every time we hang out
Yo, she match my fly, oh ah
Top down in the drop
With my hand on her thigh, oh ah
I be all over you like lotion
Holding back my emotion
Hoping that she don't notice
So when she ain't around I feel so hopeless
That when we're together I'm super unfocused

So hopeless in love, girl
Focused to love

Your best friend, your lover
A rider, your partner
(Every single time)

Every time we hang out
Yo, she match my fly, oh ah
Top down in the drop
With my hand on her thigh, oh ah
I be all over you like lotion
Holding back my emotion
Hoping that she don't notice
So when she ain't around I feel so hopeless
That when we're together I'm super unfocused
So when she ain't around I feel so hopeless
That when we're together I'm super unfocused

So hopeless in love girl
Focused to love
