

Virtuous Woman

Ruff Endz

Thankful for this woman
What a virtuous woman
Blessed to have this woman
She's a beautiful woman [x2]

She keeps me calm
She fills my drive
The type of woman that you need by your side
She loves with passion and lives with pride
Always real with her feelings
Never keeps much inside

No time for no drama, she works all the time
She all about the fam, and the business in line
She's the real deal, certified dime
Intelligent, and sweet, but still physically fine

Honor, Virtue, Wisdom
It's all on you

Just time is all you be asking
