## **Don't Hate Me**

I remember when we would laugh all night and nothing could stop us moments shared we're picture perfect memories remain

All I want is to be just friends understand, but don't hate her

Feelings change No strength in me I'm sorry, my love for you is gone My love is gone

Honesty is all We make mistakes I know And I knew something's wrong I couldn't lead you on

Well I see, you and me Separating for good No more friends, this can't be My best friends gone

Night is over Orange haze has Filled my eyes again She's not perfect I'm still feeling Weak inside when she's around Well don't hate me

Don't hate me, don't hate me We're all done, we're all done We're all done, we're all done Rufio
