

'cause I Love You

Rufus Thomas

I done take very best girl of mine, yeah
I done take very best girl of mine, yeah
Gonna straighten up, baby, stop that cheatin' and lyin'

The way you lied about me, you lied about Louie's too, yeah
(Oh no, oh no)
You lied about me, you lied about Louie's too
(Oh no, oh no)
You got me feeling so bad, I don't what to do

Let me tell you woman, lay deep down inside
Baby, baby, hold you by my side
Cause I love you, I love you
Cause I love you, I love you
Cause I love you, 'cause I love you
Cause I love you, yes, I love you
Cause I love you and I never let you go

Come on, come on, baby, come home, baby, come on now
Baby, come home, baby, come on now
Come on go home

Let me tell you, well, I'm hurt, well, I'm hurt deep down inside
Baby, baby, hold you by my side
Cause I love you, I love you
Cause I love you, I love you
Cause I love you, 'cause I love you
Cause I love you, yes, I love you
Cause I love you and I never let you go

Hey, hey, everything'll be alright
Hey, hey, everything'll be alright
Hey, hey, everything'll be alright

Hey, hey, everything'll be alright
Hey, hey, everything'll be alright
Hey, hey, everything'll be alright
