## Vibrate

## **Rufus Wainwright**

My phone's on vibrate for you Electroclash is karioke too I try to dance Britney Spears I guess I'm getting on in years

My phone's on vibrate for you God knows what all these new drugs do I guess to have no more fears But still I always end up in tears

My phone's on vibrate for you But still I never ever feel from you Pinocchio's now a boy Who wants to turn back into a toy

So call me Call me in the morning Call me in the night So call me Call me anytime you like

My phone's on vibrate for you For you
