

Someway Somehow

Run Kid Run

Forty yards in front of the searchlight
Bloodhounds hot on my heels
Barbed wire cuts through the earth
like teeth made of steel
Water from an icy creek
Wash the blood off of my feet
Wash the guilt right off of me
Oh, I haven't earned it
No, I don't deserve it
How do I find you out here?
[Chorus:]
Cause I need you know
And I know somehow
Gonna find you out
I'll follow you all over
No sleep under this moonlight
Cold sweat soaked to the skin
The end is coming soon like the way it began
You say this and I say that
You insist it's how I act
When I resist you kiss me back
Oh, I haven't earned it
No, I don't deserve it
[Chorus]
If there's any spark in me
It's cause you lead me home
If there's any doubt in me
It's my own
[Chorus x2]
