

## Dead Man's Road

Running Wild

Loudest madness, silent sadness  
Bedlam, raving mad  
Frustration on the nation  
Entertainment all the way  
Perfect plastic, orgasmatic  
Silicone valley on two legs  
No meaning, TV-screening  
Boneheads right en vogue  
Straight on the long and lonely road  
Into the void  
You're walking the wire  
That leads you straight to dead man's road  
You're walking on fire  
Well, on the edge you lose yourself  
On dead man's road  
Casted fastly, fallen castly  
Cashing in on trashing arts  
Ride the donkey that brings on the money  
Champagne and celebrity  
[Chorus]
