

Winged & Feathered

Running Wild

Gods & warriors
In a long ago age
Tragic & glorious
Where fate turned the page

Time was mythical
Mount Olympus alive

Spreading his wings to fly
Touching the golden sky
Fury against the dark
Loyal and true at heart

Winged & feathered, flying on high
Winged & feathered, way up in the sky

Gliding majestically
The winged horse in the sky
Turning perfectly
Natural born to fly

Spreading his wings to fly
Touching the golden sky
Fury against the dark
Loyal and true at heart

Winged & feathered, flying on high
Winged & feathered, way up in the sky

Spreading his wings to fly
Touching the golden sky
Fury against the dark
Loyal and true at heart

Winged & feathered, flying on high
Winged & feathered, way up in the sky
