

I Blame You

RuPaul

Feel good
Baby, baby

Open my eyes and I blame you
This love inside, well I blame you
I never knew that I could ever feel
This good, and I blame you

Open my eyes and I blame you
This love inside, well I blame you
I never knew that I could ever feel
This good, and I blame you

Feel good
Baby, baby

Open my eyes and I blame you
This love inside, well I blame you
I never knew that I could ever feel
This good, and I blame you

Open my eyes and I blame you
This love inside, well I blame you
I never knew that I could ever feel
This good, and I blame you

Feel good
Baby, baby

Well I blame you...
Open my eyes...
This love inside...
I never knew that I could ever feel
This good, and I blame you

Uh-uh
And I blame you
And I blame you
