

I Met Him On the Dance Floor

RuPaul

I met him on the dance floor, in 1994
At the Limelight Disco, in New York City
Which is on the corner of 20th street and 6th avenue

And I spotted him, is hard to miss, because
He was dancing as if its life depending on it

He was dancing like this wild man
And he was wearing this vintage platform shoes
Which literally made him 7 feet tall
I'm 6'4", he was 7 foot tall
So I went over and introduce myself and... I... said:
"Wow! I love the way you dance
Let's dance!"

Haha
We have been dancing together ever since
