

Merry Christmas, Mary

RuPaul

Come on, all ye' faithful, I've got something to share
Guaranteed to make your humbug disappear
I've got a reason to the season to get the Yuletide into you
Come on, Mary, let's get merry, change your attitude

No, this ain't your mama's Christmas carol
So don on, don on your gay apparel

Rejoice!
It's a holiday when you're near, baby
Our voice!
Will be loud and proud and singing gaily
These words!
Got you rum-pum-pum-ing, feeling cheery
Have yourself a Merry Christmas, Mary!

Deck the halls with balls of Hollywood decor
New Year in the window, old one out the door
We can make our own traditions, we can choose our family
Cause a party ain't a party if you ain't here with me

No, this ain't your mama's Christmas carol
So don on, don on your gay apparel

Rejoice!
It's a holiday when you're near, baby
Our voice!
Will be loud and proud and singing gaily
These words!
Got you rum-pum-pum-ing, feeling cheery
Have yourself a Merry Christmas, Mary!

Rejoice!
Our voice!
These words!
Have yourself a Merry Christmas, Mary!
Let's all get merry, merry, merry
Let's all get merry, merry, merry
Let's all get merry, merry, merry
Let's get merry, Mary!

Rejoice!
It's a holiday when you're near, baby
Our voice!
Will be loud and proud and singing gaily
These words!
Got you rum-pum-pum-ing, feeling cheery
Have yourself a Merry Christmas, Mary!
