

Nothing for Christmas

RuPaul

Nothing for christmas
Nothing for christmas

Oh Santa, Santa, oh, this christmas you've let me down
Put my name on but
Wasn't my last behavior
Do you need me some favors
But now I'm wondering for what

Innocent

Ain't getting nothing this chrstimas
Say me my hole along
I was a good girl all year long
Until someone did me wrong

Nothing for christmas
Nothing for christmas
Nothing for christmas
Nothing for christmas

Was it my friends
Was it Serena, Lira, Erick
Never trust them with secrets, get drunk and then repeat it
Now Santa thinks that I'm a what, what what?

I get one thing wrong, one thing
Well...

Ain't getting nothing this chrstimas
Say me my hole along
I was a good girl all year long
Until someone did me wrong

Nothing for christmas
