

Thinkin' 'Bout You

RuPaul

People say that I'm a fool for love
That much is true
They all claim I've been hypnotized
My world revolves around you

It ain't nobody's business
If I do do do
It ain't nobody's business
What I do

In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you
Can't wait to get to meet you, baby
You got me thinkin' 'bout you

Everybody's got a point of view
Or an opinion of you
They sit back and try to make you blue
About a circle of two [?]

Ain't nobody's business
If I do do do
Ain't nobody's business
What I do

In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you
Can't wait to get to meet you, baby
You got me thinkin' 'bout you
In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you
Can't wait to get to meet you, baby
You got me thinkin' 'bout you

Ain't nobody's business
If I do do do
Ain't nobody's business
What I do

In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you

Can't wait to get to meet you, baby
You got me thinkin' 'bout you
In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you
Can't wait to get to meet you, baby
You got me thinkin' 'bout you
In the mornin'
In the evenin'
Can't wait to get to see you, baby
You got me thinkin' 'bout you
I want you
I need you
Can't wait to get to meet you, baby
You got me thinkin' 'bout you
