

Thorns of a Rose

RuPaul

The biggest challenge
For the sweet, sensitive souls
Who uncover life's
Cruel hoax is really to not to
Come to the bitterness

You know, that usually accompanies
This discovery

Yeah, I find spiritual practice is, of course
The best defense, you know
The prayer, meditation, stillness

I have known so many brilliantly
Talented geniuses who use their
Own intellect against themselves

You know, like the thorns of a rose
Growing inward on itself
