## Escape

## **Rush Of Fools**

Everybody crashes down Sometimes Everything comes falling down Sometimes I don't even know how, Or know why [CHORUS:] The thing I can't escape is You The promise that You made is You will pull me through You're never far away no matter what I do The thing I can't escape is You At times I try to hide away From Your eyes At times I'm covered up in shame From my lies You sweep me into Your embrace And I cry [CHORUS] It's You Your grace Irresistible It's true, it's true Your grace Irresistible [CHORUS x2]
