

In All Things

Rush Of Fools

Into this darkness You came
A shining light, a shining light
Here for the world You made
You gave Your life, You gave Your life
Who is like our God
There's no one like You, God

In all things
You are good, You are good
In all things
You are true, You are true, Jesus
Who can compare to You

Into this dead heart You came
Now I'm alive, now I'm alive
Up from the sinner's grave
Your joy inside, Your joy inside
Who is like our God
There's no one like You, God

In all the earth, who can compare
There's no one else who can compare to You
If I go searching everywhere
There's no one else who can compare to You
