

Thunder

Rusko

We're putting out that vibe
We're putting out that vibe
We're putting out that vibe

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

Oh woah!
Oh woah!

I'm coming
I'm coming

You best watch out

I'm coming
I'm coming

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

We're putting out that vibe
We're putting out that vibe
We're putting out that vibe
We're putting out that vibe
We're putting out that vibe

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

Oh woah!

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

I hear the thunder of my heartbeat
I'm gonna hunt you down
Before you even know what's happening

We're putting out that vibe
We're putting out that vibe
We're putting out that vibe
