

Megan you are mine, your my teenage idol
All I ever wanted was to be like you
When I see you and we are at school,
I just idealize you, because you're a slut
And I think that's real cool now.

How do I get around
Do it will all the guys in town
Waiting for them but they aren't around
Never, never see you frown
I just want to get around
Just to let you know that you're not on to me
Oh, yea

Megan you are mine, your my teenage idol
All I ever wanted was to be your friend
You would have done anything,
Just to be the most popular girl in school
And I would have done anything for you

How do I get around
Do it will all the guys in town
Waiting for them but they aren't around
Never, never see you frown
I just want to get around
Just to let you know that you're not on to me
Oh, yea

Are you ready for some football?
Are you ready for some football?
Megan you are mine, your my teenage idol
All I ever wanted was to be like you
When I see you and we are at school,
I just idealize you, because you're a slut
And I think that's real cool now.

How do I get around
Do it will all the guys in town
Waiting for them but they aren't around
Never, never see you frown
I just want to get around
Just to let you know that you're not on to me
Oh, yea

Are you ready for some football?
