I Wish You Would

Ryan Adams

It's 2 am, in your car Windows down, past my street, memories start Say it's in the past You drive straight ahead Thinking that I hate you now But you still don't know what I never said

I wish you would come back Wish I never hung up the phone like I did I wish that you knew that I'll never forget you as long as I live I wish you were right here, right now It's all good I wish you would

It's 2 am, in my room Headlights pass the window pane And I think of you We're crooked love In a straight line down Makes you wanna run and hide Makes you wanna turn right back around

I wish you would come back Never hung up the phone like I did I wish that you knew that I'll never forget you as long as I live I wish you were right here, right now It's all good I wish you would I wish we could go back And remember what we were fighting for I wish that you knew that I miss you too much to be mad anymore I wish you were right here, right now It's all good I wish you would

You always knew how to push my buttons You gave me everything and nothing This mad love makes you come running Stand back where you stood I wish you would, I wish you would

It's 2 am, here we are See your face, hear my voice in the dark We're a crooked love In a straight line down Makes you wanna run, makes you wanna hide Makes you wanna turn right back around

I wish you would come back Never hung up the phone like I did I wish that you knew that I'll never forget you as long as I live I wish you were right here, right now It's all good I wish you would I wish you would come back Never hung up the phone like I did I wish that you knew that I'll never forget you as long as I live I wish you were right here, right now It's all good I wish you would I wish you would I wish you would

I wish we could go back And know what we were fighting for I wish that you knew that I miss you too much to be mad anymore I wish you were right here, right now It's all good I wish you would
